

# TIES AND RAILS

June 2026 The Monthly Publication of the Crossville Model Railroad Club

## From the President:

Greetings,

I know everyone is anxious to see some kind of movement on the 87 West Ave building site. Trust me when I say that the membership of the club is feeling it too. We are working very hard to resolve the issues that are holding up that progress. Make note of the following initials, CRHS. More to follow in future newsletters.

Sincerely yours,

Bruce D. Herring - President

## From The Marketing Committee

We have some activities coming up in the summer time. June 12 and 13 CMRC will be at the Central Tennessee club trainshow in Cookeville. A group of us went through the stored items and have pulled out the surplus or misfit items to sell. My hope is to have our people in shirts and hats greeting the public. I also will have a new brochure (at least a preliminary draft) to give out.

In July we have been invited to participate in the Crossville Independence Day parade. A float with some large scale trains and plenty of red, white and blue will be fun to put together. August will be our annual picnic, details coming soon.

After summer comes football season and fall colors. I am trying to get a group together to take a trip to Stearns KY to ride the Big South Fork Railway excursion and coal mine attraction.

Still looking for a location for a CMRC + CRHS train show this year.

In November we are also participating in the Veterans Day parade.

All green signals ahead.

Ralph Watson
